**ADDENDUM #1**

Issue Date: November 19, 2023

CLARIFICATIONS:

- 1.0 Should we include or identify sub-consultants?  
No. We are only pre-qualifying the firm whose primary field of practice is listed in the RFQ. This pre-qualification is not looking for teams. Although an architectural firm may use a structural engineer as a sub-consultant, for instance, structural engineering is not the primary field of practice.
- 2.0 Troubleshooting the RFQ on rivcofm.org  
We've been getting tips from people who were successful to get to the RFQ. First, clear your browser. Then use Chrome or Firefox (not Edge). If that fails, clear your browser then go to rivcofm.org and then click on RFP-RFQ at the top. It's been posted since Thursday November 30 so you should be able to view it by now.
- 3.0 Is it possible to extend the deadline?  
No, there are no plans to extend the deadline beyond January 5, 2024.
