This Addendum has been prepared to clarify, modify, delete, or add to the above referenced RFQ and Questionnaire for Job Order Contracting for Trade Contractors. The items listed herein supersede descriptions prior to the date listed above. All conditions not specifically referenced here shall remain the same. It is the obligation of the contractor to be aware of any items herein:

Addendum 2.0: The time period covered by the Financial Statements

A **Reviewed or Audited Financial Statement** is acceptable for calendar year ending **2021**; OR, any quarter ending in calendar year 2022. This is to make ensure your company has the ability to meet short-term and long-term financial obligations. Reviewing financials gives the County assurance that your company will be able to bond and finish a project and pay any subs.

The Financial Statement must be accompanied by a duly executed **Certificate of Accountant** stating that the financial information reflected in the Statement of Financial Condition has been audited or reviewed by the Accountant and found to be a correct representation of the management of the proposing Contractor.

Note: A copy of the SB or SB-PW certificate is required only if you are claiming exemption from providing the Financial Statement.
